

The Cultural Centre of Pančevo and the Citizens Association BUDI are hosting the tenth anniversary of the International Biennale of Children's Artistic Expression (10th BUDI) under the slogan THE SKY UNLOCKED! The slogan is also the theme of the art competition, in which all children under the age of 15 are invited to submit artwork by April 20, 2023.

10th BUDI UNLOCKED SKY

15 MAY – 15 JUNE 2023 PANČEVO

BUDI PRINT

In 1450, Johannes Gutenberg unlocked a sky when he invented the printing press, which allowed any writing to be multiplied in a desired number of copies. Numerous subsequent advancements have resulted in what we now refer to as a "global village" – today, the entire planet has easy access to a wide range of events and contents. Make a post-card out of clouds with your poem, story or text on it and we will print the best ones on T-shirts which the authors will receive at the Festival!

BUDI ORIGINAL

Many great artists and scientists who have largely contributed to the history of this planet glorified the sky in their works. Some used their real names and surnames, other used pseudonyms, and still others used initial letters to sign their creations. Design your own monogram and emblem so that everyone knows it is your personal seal.

BUDI SELFIE

Albrecht Dürer, a German Renaissance painter, was 26 years old when he painted his famous self-portrait, which is now housed in Madrid's Prado museum, so we can consider him the inventor of selfies. Self-portraiture has long been recognized as a form of representation in fine art and now you can unlock a sky with a visual presentation of yourself – draw your self-portrait, take a photo of yourself, or recreate any famous painting with you as the main character. Introduce yourself to us!

BUDI PAINTER

Illustrate the sky as a place where you can be free and let your imagination fly. Choose a technique—drawing, painting, collage, sculpture, paper art, and then draw your inspiration from celestial phenomena and the universe: the glow of the Sun, Moon, stars, planets, incredible cloud shapes, mythical creatures...

Skies can be large or small and they exist in secret places. The 10th BUDI is a limitless space of art that equally and joyfully combines reality and imagination, science and fiction, knowledge and talent, benefactors and angels, small villages and metropolises, friendship and travelling. The 10th BUDI is an opportunity to shake up your creativity!

Since the 1st BUDI, Blazing Krinfolion, (the festival's mascot) has drifted through dreamlike clouds, starry fireworks and cosmic secrets of Cuba, Hungary, Japan, Sweden, Great Britain, Denmark, Israel and Italy. This year, it will help us present the traditional and contemporary art of Germany, the guest-host country of our festival.

The most successful artworks in each category will be generously rewarded and this year's "Blazing Krinfolion" award, the Grand Prix of BUDI festival, is a trip to Disneyland in Paris for you and your travel companion!

We are confident your artistic expression can unlock the festival's skies in plenty of different ways, so make sure to enter the 10th BUDI art contest in the following categories:

BUDI FAIRY TALE

Fairy tales have always adorned the theatre sky. Many of them were written by unknown storytellers, while others were told by well-known authors, such as the Grimm brothers. Unlock a new galaxy, direct and record a theatre play based on a traditional German fairy tale and show us how fantasy creatures come to life! To enter this category, post a video of the play (up to 30 minutes long) on your YouTube channel and send us the link. Selected plays will be included in the official program of BUDI festival.

BUDI JUKEBOX

You love and feel the music when you play, sing, compose or dance. Show us your talent by making a TikTok video with a hashtag #10BUDI and send us the best school band, your solo, duet, choir or dance performance.

BUDI FASHION

Just like the Earth alternates day and night, so do our favourite fashion trends. Unlock your favourite corner of freedom – design your sky clothes, your sky pet apparel, or your sky wings! Be a trendsetter! Be a fashion designer!

BUDI FILM

Film is an art form that has only been around for a little more than a century and yet, it has created such a magnificent system of stars that we would all be in seventh heaven if our name appeared in the opening or closing credits. Direct a short film, create a unique visual character, or show us (your) musical choreography. Upload a video of up to 10 minutes in length to a YouTube channel and send us the link. Selected films will be screened as part of the BUDI festival's official program.
